<p>Provisions for participation: (the pharmacies described above will jointly hereinafter be referred to as the "pharmacy")</p> <ul style="list-style-type: none"> This contract replaces any previous community pharmacy network agreement. The pharmacy agrees to act in accordance with all medicine and pharmacy legislative requirements related to the procurement and dispensing of scheduled medicine and will ensure that the pharmacy and responsible pharmacists are registered and remain registered with the South African Pharmacy Council. The pharmacy agrees to subsequent tariff increases and other changes as applied, unless the agreement is terminated. The pharmacy agrees that it will not charge members of the medical schemes administered by Discovery Health (Pty) Ltd and their registered dependants, fees that are higher than the rates described below and agreed to by the pharmacy. The parties agree that if the pharmacy fails to comply with this agreement, the pharmacy will be suspended from all pharmacy networks. The pharmacy agrees that for those pharmacies participating in the Discovery Health Performance Based Remuneration dispensing fee model (PBR dispensing fee model), the tariffs are subject to change as negotiated per the PBR dispensing fee model for authorised Chronic Illness Benefit items for the PBR variable dispensing fee to apply. The pharmacy undertakes to give preference to generic items on the Discovery Health Chronic Illness Benefit formulary when dispensing chronic medicine. The pharmacy confirms that all the pharmacies described above are independently owned, and are stock-keeping pharmacies situated in close proximity to or within the community that is served, where the majority of members visit the pharmacy to discuss their medicine needs and receive their prescribed medicines. The pharmacy confirms that none of the above pharmacies are courier pharmacies. The pharmacy agrees to Discovery Health making the details set out in this form available on www.discovery.co.za and to Discovery Health call centre consultants who will communicate these details to members as and when requested. The pharmacy undertakes to obtain explicit approval from Discovery Health to use its brand or logo, which may be subject to further terms and conditions. The pharmacy accepts responsibility to arrange the chosen rates as below with their appropriate software vendor. The parties agree that the pharmacy is subject to audits and if the pharmacy is suspected of fraudulent behaviour, the member will be directly reimbursed instead of the pharmacy pending the outcome of the investigation.
